Click the [LINK](#) for access to the configuration tool.

Here's how you do it:

1. Choose Seat

- If you want connected sofas, select yes.
- To get a rotated seat, choose 2- or 3-seater 90°.
- Place and drag to desired arrangement

2. Choose Table

- Place and drag to desired arrangement

3. Choose Backrest

- Under the Accessories tab, selectable options for backrests are listed
- Select and place desired backrest; Single high/low in fabric or rattan/leather, or Double high/low in fabric or rattan/leather
- Click where you want to place the backrest. A fabric-covered cushion will automatically be attached to the back according to standard
- Nouveau cushion is only available for Nouveau seat

4. Rattan and Wood Material

- Preselected surface treatment for all wood is Natural Ash
- If you want all wood to have the same surface treatment, choose the desired surface treatment under wood material, otherwise click on each wood surface and choose individually
- Here you also choose leather around the rattan backrest

5. Choose Fabric

- Pre-selected fabric is Ally 3063. Choose fabric from the list (see Material: Ally >> Synergy). If you want different fabrics on cushion, seat, backrest, etc., click on each part to choose individually

6. Summary and quote

- All components are summarized in a list (see clickable option Summary)
- A QR code is generated at the summary showing the configured modular sofa including selected components
- Through the QR code, you can also use your mobile camera to place the modular sofa in the room using advanced AR technology
- Save the summary as a PDF and email it to info@garsnas.se for a quote
